Dear Michael

Thank you for your email.

Your comments regarding a draft recommendation in a preliminary report, *Self-Managed Super Solutions*, to prohibit self-managed superannuation fund trustees from acquiring collectibles and personal-use assets have been noted.

The Super System Review was conducted independently from the Government. It had the goal of ensuring that the superannuation system operates in the most cost effective manner and in the best interests of all its members. It considered how to maximise retirement income for Australians, including through increasing efficiencies, reducing costs and fees and lifting long-term rates of return.

The review provided its final report to Government on 30 June 2010.

A re-elected Gillard Labor Government will carefully consider the report's recommendations and respond to them in due course.

Kind Regards,

ALP Information Services
